

STRATEGIC PLAN

Historically Neighbourhood Houses were a social network established to encourage stronger community cohesion, In the next few years we would like to expand on our existing themes as well as work on new ones

Theme	If we:	Then:
Community Engagement	create a space that actively connects and promotes the local community	community members can be active in the decision making process. This will build solidarity and social inclusion. Events and activities will also focus on the participants and be meaningful
Lifelong Learning	are a recognised centre for lifelong learning	we can offer meaningful programs to the community that promote learning for all ages and foster positive development.
Sustainability	create sustainable practices that have an environmental impact and economic viability.	we can reduce our negative impact on the environment, create systems to reduce waste which will eventually play a role in social wellbeing
Digital Transformation	are a centre that embraces new technology and upgrades its infrastructure to ensure ease of accessibility	we can transform how we operate and deliver value. We will also promote a cultural change, experiment and assist our community members to keep up with a changing world
Support Small Businesses & Social Enterprises	foster the capacity of local enterprises and businesses through various programmes and resources	we can create opportunities for social enterprise and small businesses to be succeed with the supported by the community and the centre.

Overall these will contribute to our mission to make lifelong learning opportunities available to everyone in our community without exception.
